THANK YOU!

Messages from the Tigers and Cubs:

- Please ensure that all clothes and bags are clearly labelled with your child's name.
- Shoes for nursery should have Velcro fastening, to aid independence.

Please Note: Failure to pay your child's fees may result in their place being offered to someone else.

Parents' Meet and Greet Group

We have a name now, it's "Training Wheels for Parents' voice"!

We also had Sue from Flying start to explain her role and also to share the different groups she is running. If you would like more information please speak to Miss Sandhya or Miss Nargis for more information.

At the last meeting we touched upon living with extended families and mental health. There is some information below for you if you know someone that could benefit from the information please share it. Also please go encourage them to seek help from their GP!

Evidence suggests there are 5 steps we can all take to improve our mental wellbeing.

- **Connect** – connect with the people around you: your family, friends, colleagues and neighbours. Spend time developing these relationships.
- **Be active** – you don't have to go to the gym. Take a walk, go cycling or play a game of football. Find an activity that you enjoy and make it a part of your life.
- **Keep learning** – learning new skills can give you a sense of achievement and a new confidence. So why not sign up for that cooking course, start learning to play a musical instrument, or figure out how to fix your bike?
- **Give to others** – even the smallest act can count, whether it's a smile, a thank you or a kind word. Larger acts, such as volunteering at your local community centre, can improve your mental wellbeing and help you build new social networks.
- **Be mindful** – be more aware of the present moment, including your thoughts and feelings, your body and the world around you. Some people call this awareness "mindfulness". It can positively change the way you feel about life and how you approach challenges.

We will be starting the parents group again in the new term, we look forward to it.

Summary of Behaviour Policy

Here at TDDN, we believe children's behaviour is best shaped through clear and developmentally appropriate expectations. This is reinforced through positive encouragement, by example and reward. We require all staff, students and volunteers to provide a positive role model of behaviour. We have 5 standards of behaviour that are taught to the children. These are as follows:

1. We are kind to our friends
2. We take care of our toys
3. We listen to our teachers
4. We use indoor voices and walking feet
5. We tidy up our toys.

We require all staff, students and volunteers to use positive strategies when handling any unacceptable behaviour. We support the children in developing their self-esteem and confidence. We do not shout or raise our voice in a threatening way in response to children's unacceptable behaviour.
