Half Term Nursery closed for Grant Only Children:

30th May - 2nd June

Dear Parents,

Welcome to the April Newsletter. March was a busy month; we had some chicks visiting us for 2 weeks. This gave us the opportunity reflect on growing, self-care and looking after others.

Please also remember that if your child is not well the best place for them is home. Also, remember to email us to inform us if your child is not coming in.

School places will be announced soon so please remember to inform us, so we can start organising transition meetings and information handover.

Easter holidays are approaching. Remember that if you would like your child to attend, contact the office so we can explain the fees and secure your child's place.

Thank you to everyone that took part in our parent consultation, it was great to see you all. We also really appreciated your feedback. We particularly enjoyed reading the lovely comments about our staff.

Please keep our driveway clear when dropping and collecting children, it is a healthy and safety issue. We need it clear at all times so staff, parents and children can access the nursery safely.

Healthy Tips

1. Encourage toothbrushing by allowing your child to brush your teeth so that they might let you brush theirs! Try a brushing reward chart, read some books or watch some songs on YouTube about brushing teeth.
2. Brushing alone cannot remove all the plaque, especially in areas between the teeth and under the gums. Use floss to reach these places and reduce the amount of bacteria and plaque in the mouth.
