

TDDN Newsletter

June 2023

Dear Parents,

We hope you have enjoyed the bank holiday.

The team has been working hard to complete transitions with the schools. Please ensure you access your child's new school's open days.

How to support your child starting school:

1. Visit the school
2. Attend open days or Evenings
3. Have a look at the webpage
4. If you need advice speak to the family worker, they will be more than happy to help

For more information use the following link:-

<https://www.flyingstartluton.com/preschool/parent-transition-resources/>

Healthy Tips

1. Milk and still, unflavoured water are the only tooth-friendly drinks. All other drinks can contribute to tooth decay and tooth erosion.
2. Use family toothpaste which contains fluoride; this will help strengthen tooth enamel (the strong outer part of the tooth) to help prevent tooth decay.
3. After brushing teeth (you and your children) should avoid rinsing out with water or mouthwash – you will wash the fluoride in the toothpaste away! Just spit out the excess foam – job done!

School Transition

This month we shall be focusing on transitions for the children that are leaving us to start school. We do advise you to go to the open days or evening there is usually a lot of information shared here.

How to support your child starting school:-

1. Visit the school
2. Attend open days or evenings
3. Have a look at the webpage
4. If you need advice speak to the family worker, they will be more than happy to help
5. For more information use the following link:

We have had some visitors at Nursery, who the children have been looking after and feeding.

The children are selecting different ingredients every week and we are having our own Masterchefs at the setting. The children also wanted to cook a vegetable curry. These activities teach children about healthy choices and where food comes from as well as how to prepare foods.

Dates for your diary...

June

Tot bop:

Monday 5th 10am
Monday 12th 10am
Monday 19th 10am
Monday 26th 10am
Family Tea TBC

Zoolab:

Friday 13th 9.15-10.10am

July
